CleanShield

N95 Particulate Respirator

CS44150

The CleanShield CS44150 is a NIOSH-approved N95 particulate respirator designed to provide respiratory protection against certain non-oil-based particulate aerosols. The respirator provides a minimum filtration efficiency of 95% against non-oil particulate aerosols and features a soft nose foam and elastic head straps for a comfortable and secure fit.

Technical Specifications

• Colour:	White
• Type:	N95 Particulate Respirator
• Filter Efficiency:	Minimum 95%
• Nose Piece:	Pre-shaped
• Strap:	Headband style
• Aerosol Type	Non-oil particulate aerosols
• Country of Origin:	China

Features

- Minimum 95% filtration efficiency
- Effective against non-oil particulate aerosols
- Soft nose foam
- Elastic head straps
- Lightweight, maintenance-free design
- Disposable

Packaging

20 PIECE / PIÈCE x 20 BOXS / BOÎTES = 400 PIECE/CASE / PIÈCE / CAS

Compliance

- NIOSH N95 Approved
- 42 CFR Part 84
- TC-84A-7720
- ISO 9001:2015 manufacturer quality management system
