CleanShield

CleanShield Traffic Harness, Hi-Viz

CSTH- HVO / HVY

CleanShield Traffic Harness is a lightweight, adjustable high-visibility elastic harness designed to improve wearer visibility in general work environments. The hi-viz elastic straps with silver reflective tape help provide visibility from the front, back, and sides. The adjustable chest straps, waistband, and quick-release buckle allow easy wearing over regular work clothing.

Application

- General visibility use
- Warehouse and industrial work areas
- Parking lots
- Event staff
- Site visitors
- Low-risk work environments
- General traffic awareness use
