Acrylic Gloves Dispenser

DPG01

The glove-box dispenser provides a fixed, orderly location for disposable gloves where staff need them most. Its clear wall-mounted construction keeps the glove box visible and easy to replace, supporting faster changes and tidier work areas. The compact design fits naturally into hygiene stations, laboratories, clinics, production areas, and maintenance rooms.

Applications

- Disposable glove boxes
- Medical and healthcare facilities
- Food processing areas
- Laboratory
- Janitorial
- Industrial workplace
