CleanShield

Acrylic Safety Glasses Dispenser, 12Compartment DPSG12

The dispenser stores safety glasses in individual sections, helping keep multiple pairs separated, visible, and ready for issue. Its clear wall-mounted construction supports fast inventory checks and convenient access without occupying bench space. The organized layout is especially useful for visitor stations, shared eyewear programs, and workplaces that need several clean pairs available.

Applications

- Safety glasses
- Eye protection stations
- Industrial workplace
- Laboratory
- Food processing areas
- Warehouse and manufacturing areas
