CleanShield

CleanShield HeavyDuty Food Service Wipers FT1213

The Food Service Wiplers (12.5" x 13.4") are premium disposable towels designed for professional foodservice environments where cleanliness, consistency, and performance are essential.

Made from a high-quality wood pulp and polyester nonwoven blend, they deliver enhanced softness, strong absorbency, and reliable durability for everyday wiping and cleaning tasks. Engineered for efficiency, the product towels are lint-free, fast-absorbing, and easy to tear, ensuring smooth and consistent performance during routine use.

Ideal for water-based liquids, oils, and general surface cleaning, these towels are widely used in food processing, kitchens, seafood operations, bakeries, medical facilities, and laboratory environments.
