CleanShield

Latex 1/2 Coated Thermal Winter Gloves

LWP300

This product is designed to provide warmth, comfort, and reliable grip in cold working environments. The crinkle latex palm coating delivers excellent grip in both wet and dry conditions, making these gloves ideal for handling frozen products, cartons, tools, and equipment. These gloves are an excellent choice for frozen food processing, cold storage facilities, food distribution, and outdoor work environments. The high-visibility liner improves worker visibility, while the durable construction provides dependable performance for daily use in demanding conditions. and protection up to -10°C
