CleanShield

Cut Resistance Gloves Level A5 Fully Coated Sandy Palm MCR100

This product combines ANSI A5 cut protection with outstanding comfort, grip, and durability. Its lightweight HPPE liner offers a flexible fit that allows workers to perform detailed and repetitive tasks comfortably while helping protect against cuts and abrasions.The double nitrile coating enhances durability for longer wear, while the sandy finish provides a secure grip in wet, dry, and oily conditions. This combination helps reduce glove replacement frequency in demanding work environments.Designed for food processing and industrial applications, the product delivers a dependable balance of protection, comfort, and performance for everyday use.

Application

- Handling sharp objects
- Packing work
- Food industry work
