CleanShield

Nitrile Coated Palm, Cut-Resistance Gloves. Level A5

NCR300

This product combines ANSI A5 cut protection with excellent comfort, flexibility, and grip for demanding work environments. Its lightweight construction helps reduce hand fatigue while maintaining the dexterity needed for handling sharp materials and repetitive tasks.

Designed for food processing, metal fabrication, packaging, glass handling, and general manufacturing, the product helps improve worker safety without compromising productivity.

Combining reliable cut protection with lasting comfort, it is an ideal choice for applications where both protection and precision are essential.
