CleanShield

Virgin Disposable Poly Apron – 0.75 mil

PEA075

The Apron is a lightweight and economical solution for hygiene-sensitive environments where frequent apron changes are required. Its disposable design helps maintain cleanliness, while the adjustable waist tie provides a secure and comfortable fit.

Suitable for direct food contact, the product supports food safety and hygiene programs by helping reduce cross-contamination between workers and products. Ideal for food processing, food service, seafood, bakeries, laboratories, and janitorial applications, it provides practical protection against light splashes while supporting colour-coding programs with multiple colour options.

Technical Specifications

Colour	White / Orange / Blue
Length	1168 mm (46 ") ± 5 mm
Width	711 mm (28") ± 5 mm
Thickness	0.75 mil ± 5%
Material	100% Virgin

Application

- Food Processing
- Fisheries / Seafood
- Dental
- Janitorial
- Food Service
- Bakery
- Laboratory

Features

- Made from Polyethylene
- Smooth Finish
- Flexible and Lightweight

Packaging

50 PIECE / PIÈCE x 10 BAGS / SACS = 500 PIECE / CASE / PIÈCE / CAS

Compliance

CE FDA
