Foam Padded Interchangeable Safety Glasses SGHF086-D

Foam Padded Interchangeable Safety Glasses are designed to provide versatile eye protection with both temple arms and a flexible headband option. The dark 10-curve polycarbonate lens offers a slim wraparound fit with anti-scratch and anti-fog performance, while the foam inner frame helps provide comfortable sealed coverage around the eyes. The snap-in construction allows the temples to be detached and replaced with the strap, making them suitable for bright work environments, inspection, maintenance, outdoor tasks, and light industrial use.

Technical Specifications

Lens Base:	10 Curve
Overall Length (Lens-Tip):	164.832 mm
Overall Width (Hinge-Hinge):	141.727 mm
Weight:	32 gram
