CleanShield

Goggles Indirect Ventilation, Clear Lens, Anti Scratch SGHF602

Indirect Ventilation Safety Goggles are designed to provide clear eye protection with a flexible headband and comfortable PVC frame. The polycarbonate lens offers 99% UVA and UVB protection, while the indirect venting design allows airflow to help reduce fogging while limiting liquid entry. Suitable for general workplace safety, cleaning, maintenance, inspection, laboratory, and light industrial applications.

Technical Specifications

Lens Base:	Flat
