Size	Length (cm) ± 3 cm	Chest (cm) ± 2 cm
S	71	56
M	72.5	60
L	74	63.5
XL	76	67.5
XXL	77.5	71
XXXL	79	75

Keep dry and well ventilated to avoid folding pressure and pollution. It is generally recommended to replace reflective clothing every six months. During summer, due to strong light and high temperatures, replacement every 1–3 months is recommended to maintain effective warning and protection.

Application

- Class 1 garments are designed for workers exposed to lower-speed traffic.
- Helps workers remain visible in low-risk traffic environments.
- Fluorescent striping covers the upper torso.
- Striping appears on the front, back, sides, and shoulders.
- Can be applied on any background material.
