Baker's Terry Cloth Oven Mitt Gloves

TMG320

The oven mitt is designed for confident handling of hot trays, cookware, and baking equipment in busy kitchens. Its quilted terry construction cushions the hand and helps disperse heat, while reinforced contact areas add durability where wear is greatest. The extended profile provides useful coverage for routine bakery and commercial cooking tasks.

Applications

- Food Preparation
- Bakery / Pastry Production
- Commercial Kitchens & Restaurants
- Industrial Ovens & Tray Handling
- Hot cookware and equipment handling

Technical Specifications

Color:	Brown & Natural Grey
