CleanShield

Premium TPU Die Cut Sleeve – 6 mil

TPUS60

The reusable sleeve provides durable waterproof arm coverage for wet processing, sanitation, and repeated handling tasks. Its flexible material allows natural movement, while the smooth surface cleans easily and resists holding residue. Designed to withstand frequent washing and cold conditions, it offers a longer-lasting alternative to lightweight disposable sleeves.

Technical Specifications

Colour	White / Blue / Yellow
Length	460 ± 5 mm
Width	222 mm
Weight	410 gsm

Store in original packaging in a cool, dry and well-ventilated area, away from dust, direct sunlight, moisture and excessive heat above 100°F (37°C).
